

only include the Abilitations Integrations Century Solutions Spring 2005 Catalogue. This application was filed on November 4, 2003 and claims the benefit of Provisional Patent Application 60/426,020 which was filed on November 12, 2002. Thus, the Abilitations Integrations Spring 2005 Catalogue is not available as a reference against the claims of this application because it was published well after the filing dates of this application and the provisional application. See, 35 U.S.C. 102(b).

It is respectfully requested that the rejection of Claims 26-28 be withdrawn and that those claims be allowed.

Applicant notes that in the Office Action dated September 21, 2004, the Examining Attorney objected to Claims 19-22, but indicated that those claims would be allowable if re-written in independent form. In the subsequent Amendment, Applicant complied with the Examining Attorney's requirement to re-write those claims in independent form, thus making those claims allowable. In the Office Action dated March 8, 2005, the Examining Attorney withdrew the allowability of Claims 19-22.

In view of the above Response, it is believed that this Application is in condition for allowance and an early allowance is solicited.

Respectfully submitted,

By:
